

ECOLOGICAL PROFESSIONAL

Marishal Thompson was founded 19 years ago, remains in private ownership and is driven by its employees and not share-holders or banks. We are an ambitious, professional and successful team generating annual fees in excess of £4M nationally from private and public sector clients. A vacancy has arisen within our Ecology team due to continued expansion of the business for a practically minded “hands-on” ecologist with good written and interpersonal skills.

Vacancy Location: England

- Position:** Ecologist (permanent position)
- Location:** Northumberland for 6 months then anywhere in England by agreement.
- Qualifications:** IEEM professional membership and 2 years minimum experience
- Skills:** Phase 1 Habitat Survey and general protected species survey experience. Good botanical identification, working towards or have a Bat Licence and BREEAM experience.

- We Expect You to:**
- (1) travel nationally
 - (2) be prepared to roll up sleeves and be hands-on when required
 - (3) work well within multi-disciplinary teams
 - (4) advance rapidly within the company if you make the effort
 - (5) to be managing a small team of ecologists within 1-2 years

An attractive salary dependant upon qualifications and experience is offered plus benefits package including permanent health insurance, personal pension contribution, death in service and dependants pension.
